

Continuity of Learning

Week of April 6th - 9th

Dear Families,

As we are transitioning to this form of learning, we appreciate your patience and kindness. We want you to know that we are partners in learning with you throughout this experience.

Building Access

We are careful to ensure the health and safety of all members of our community and have put in place protocol for our building. At this time, if you wish to access items, we ask that you email Lisa directly to set up an appointment at lisa_wallace@sd33.bc.ca.

Learning

For this week, our staff have been working remotely. They are diligently planning instruction to meet the variety of diverse needs of our students, while keeping in mind the circumstances of our families.

Our staff will be connecting with families via email and phone calls at this time. We want you to know that we care about your child and continue to build on the existing relationship in this new form of learning.

For the week of April 6-9th learning, we are asking that every student completes the following:

- **Self-Regulation** practice Mountain & Valley Breathing every day
- **Read** something every day
- **Write** something every day
- **Play** a card, dice or board game every day
- **Go outside for 30 minutes** for physical activity and fresh air

Adventures of Chitmexw

We have begun our very own story at Robertson! Each day, a staff member becomes an author of the story, writing about our Robertson Raptor, Chitmexw and the adventures encountered. This is a great opportunity to stay connected and have a new piece of text to read each day. Read it as a family, or individually to learn more about what happens next!

Moving Forward

We are so thankful for our Robertson Community throughout this journey. Our number one priority is the health and safety of all our members. Your child can show their kindness by creating a picture to put in the window or put a stuffie in the window for our parade on Thursday! We will provide continued communication as we get more updates. We will get through this and continue to *SOAR together!*

Love,

The Robertson Staff
