Health and Safety

Thank you for your continued cooperation in keeping your children home if they are showing signs of illness. We are continuing to promote safe hygiene habits at Robertson. Our students are washing hands, coughing into their sleeves, and ensuring they are not physically touching one another. When we individually follow these routines, it collectively helps all of us to stay healthy and safe!

Just a reminder that if your child is staying home or will be arriving late to school to inform the office by calling 604-795-5312 and **leaving a message on the answering machine** or by using the Safe Arrival Link on our school website. Mrs. Wodtke will continue to phone home for unexplained absences as part of Robertson's safe arrival program. Thank you again for your continued support.

Training and Mentoring

The instructional practice of our teachers, skill set of our EAs, and the community of belonging we collectively strive to build makes our school an ideal place for teachers and EAs to come to learn and complete their practicums.

So far this year, we have had the privilege of the following **EAs** join us for their practicums:

Natalie Wierenga

Shannon Bowles

Lorna Redden

The following **Teacher Candidates from UFV** have started their short practicum and will be with us for their long practicum in February:

Brooke Riel

Simon Webster

Donna-Lee Irwin
